EXPERIENCE

Swift Communications | Remote — *WordPress Developer*

SEP 2014 - PRESENT

Responsible for the daily maintenance and occasional redevelopment of a custom WordPress theme and plugins on a multisite platform which powers over 15 popular news sites such as the Vail Daily, Steamboat Pilot, Aspen Times and more. My work environment has truly strengthened my OOP abilities and has provided a good intro to React.

Independent Contractor | Remote — *Web Developer*

JUN 2010 - SEP 2014

Provided web development solutions to various web firms and agencies across the country with a primary focus regarding custom WP theme builds. The end product was typically a nuts and bolts theme utilizing native WP functions in a procedural manner based off of someone else's design files.

Resort Group | Steamboat Springs, CO — *Internet Marketing Specialist*

OCT 2007 - JUN 2010

Played a key role in overall site design, developing and maintaining web presence, UI/UX, database design, new media efforts, social media, SEO, still photography and video production.

Sunday River | Newry, ME — *Interactive Marketing Manager*

NOV 2006 - OCT 2007

Responsible for developing and maintaining web presence and guiding new media efforts, including video, blogs, social media, podcasting, viral marketing and more.

EDUCATION

The University of Maine | Orono, ME — *B.A. in New Media*

SEP 2002 - MAY 2006

Successfully completed courses in the study of systems, history, design and theory of information. The end result is a more technologically capable articulate thinker and creative media professional.
